

S. No.	Name of the Scheme	Objectives	Target Group	Implementation Period	Funding Source	Key Features	Impact	Success Stories	Challenges	Lessons Learned
1	Bihar Pradhikari Yojana	To strengthen local governance and increase accountability at the grassroots level.	Village Panchayats, Gram Sabhas, and Block Development Committees.	2018-2023	Central Government, State Government, NGOs, and Local Self-Governments.	Electoral reforms, transparent budgeting, and community participation.	Improved service delivery, reduced corruption, and enhanced citizen satisfaction.	Increased voter turnout in elections, reduced poverty rates, and improved access to basic services.	Resistance from traditional power structures, lack of resources, and low literacy levels.	Strengthening local institutions, building capacity, and ensuring sustainable development.
2	Bihar Kisan Samman Nidhi Yojana	To provide financial support to farmers for their agricultural activities.	Farmers across Bihar.	2018-2023	Central Government, State Government, and Banks.	Direct cash transfers, input subsidies, and market linkages.	Stabilized income, reduced poverty, and improved food security.	Increased farm output, reduced rural migration, and improved nutrition.	Market volatility, crop failure, and administrative inefficiencies.	Ensuring fair prices, protecting small farmers, and promoting sustainable agriculture.
3	Bihar Maitri Yojana	To promote social harmony and reduce inter-community tensions.	All citizens of Bihar.	2018-2023	State Government, NGOs, and Religious Leaders.	Community dialogues, interfaith programs, and conflict resolution training.	Reduced incidents of violence, improved social cohesion, and enhanced public safety.	Increased trust between communities, reduced discrimination, and improved mental health.	Political polarization, religious fundamentalism, and social media misinformation.	Promoting mutual respect, understanding, and shared values.
4	Bihar Swasthya Suraksha Yojana	To improve healthcare infrastructure and services in rural areas.	Rural populations in Bihar.	2018-2023	Central Government, State Government, and Private Sector.	Healthcare centers, medical equipment, and telemedicine services.	Improved access to healthcare, reduced mortality rates, and enhanced quality of life.	Increased life expectancy, reduced child mortality, and improved maternal health.	Resource scarcity, staff shortages, and infrastructure challenges.	Investing in rural health facilities, training healthcare workers, and addressing systemic issues.
5	Bihar Koshish Yojana	To encourage innovation and entrepreneurship among young people.	Youth aged 18-35 in Bihar.	2018-2023	State Government, NGOs, and Corporate Sector.	Incubation centers, mentorship programs, and funding opportunities.	Increased job creation, reduced unemployment, and improved economic growth.	Startups in technology, agriculture, and social enterprises.	High competition, lack of capital, and regulatory hurdles.	Creating a supportive ecosystem, providing resources, and nurturing talent.
6	Bihar Samajik Vikas Yojana	To promote social welfare and empowerment of marginalized groups.	Marginalized communities in Bihar.	2018-2023	State Government, NGOs, and Grassroots Organizations.	Community empowerment, skill development, and advocacy.	Reduced poverty, improved education, and increased political representation.	Empowered women, reduced child labor, and improved access to justice.	Stigma, discrimination, and lack of resources.	Addressing systemic inequalities, providing opportunities, and supporting local initiatives.
7	Bihar Jyoti Yojana	To provide energy access to rural and underserved areas.	Rural and urban poor in Bihar.	2018-2023	State Government, NGOs, and Private Sector.	Renewable energy projects, grid connectivity, and energy efficiency.	Reduced reliance on kerosene, improved living conditions, and enhanced economic opportunities.	Increased electricity usage, reduced poverty, and improved health outcomes.	Infrastructure costs, grid integration, and maintenance.	Investing in renewable energy, modernizing grids, and ensuring affordability.
