

System Enhancements for Company Filings

Grand Cayman, 8 January 2026 – Industry is advised that system enhancements are currently ongoing to implement the changes to company filings stipulated under the [Companies \(Amendment\) Act, 2024](#). The provisions of the Act were brought into force on 1 January 2026 via a [commencement order](#) issued last month.

The system changes are expected to be completed by 31 January. In the interim, persons seeking to complete their filings pursuant to the Companies (Amendment) Act, 2024 can take the following steps:

REDUCTION OF SHARE CAPITAL BY SOLVENCY STATEMENT

- File under "reduction of share capital" in the same manner as reduction by Court Order
- Ensure that all required documents are uploaded

RE-REGISTRATION

- Limited Liability Company to Exempted Company
- Exempted Company to Ordinary Resident
- Foundation Company to Exempted Company

Email the required documents to cigenreg@gov.ky under the subject "CAA FILING - [Company Name]"

All other filings outside the Companies (Amendment) Act, 2024 should continue through the already established process. A further notice will be provided when the upgrade to the system is fully implemented. At that time, this interim measure will be immediately discontinued.

General Registry apologises for any inconveniences this may cause. For queries regarding specific circumstances, persons can contact the General Registry at cigenreg@gov.ky.
