Update on System Enhancements for Company Filings

Grand Cayman, 9 March 2026 – Industry is advised that the majority of system enhancements have been completed to implement the changes to company filings stipulated under the [Companies \(Amendment\) Act, 2024](#). The provisions of the Act were brought into force on 1 January 2026 via a [commencement order](#).

As of 2 March, persons can complete their filings inclusive of the reduction of share capital via a solvency statement and re-registrations for Limited Liability Company to Exempted Company and Exempted Company to Ordinary Resident.

The previously communicated interim measure for the re-registration of Foundation Company to Exempted Company remains in effect until further notice. Persons will need to email the required documents to cigenreg@gov.ky under the subject "CAA FILING - [Company Name]".

General Registry apologises for any inconveniences this may cause. For queries regarding specific circumstances, persons can contact the General Registry at cigenreg@gov.ky.
